

SOME SATISFACTION

"ONE PRICE TO ALL" is now and has always been the policy of this store—the one thing above all others that has won and keeps winning this store an increasing host of friends.

Isn't it "some satisfaction" to feel you are buying goods just as cheap as your neighbor—that you can send your little child to this store with the assurance that she gets just as good prices and as good attention as though you yourself came in person?

We are not satisfied with merely winning your patronage by the sheer force of values and qualities. We want your good will as well; we want you to come here because you prefer to trade here—because you consider this store your store and in no other place can you be served quite as well.

Remember with us it is not "how cheap," but "how good" always.

EATING CHOCOLATES

DRINKING CHOCOLATES

Hooton is the man who hit upon the plan of placing his delicious Milk-Chocolate upon the market in small, dainty form.

Hooton's Chocolate for Eating is a pure, delicious Milk-Chocolate confection made in dainty saucer-shaped pieces and selling at four ounces for ten cents.

Hooton's Chocolate for Drinking is identical with Hooton's Chocolate for Eating. You simply drop a couple of those dainty saucer-shaped pieces in a cup, pour in the water and you have a delicious cup of Chocolate, all sweetened and with no inconvenience in the getting. Handy for your rooms.

Hooton's Milk Chocolate for Eating and Drinking combines two rare points, fineness of quality and convenience in form, making a delicious confection and an easy cup.

Use Hooton's Chocolate for layer cakes, frostings and icings. It's the best and saves sweetening.

Get Hooton's, the dainty, saucer-shaped Milk Chocolate. Four ounces for ten cents. Sixteen ounces for thirty-five cents.

An East Barre young woman was tipped out of a sleigh near the city square water tub last evening and while she was picking herself up her horse was prancing away with the sleigh tipped onto its side and the shafts over the animal's back. The sleigh was dragged like that up Elm street over the brick piles at the site of the old French house on the library lot, around the corner of Jefferson street and was finally captured back of Cutter's stable. Fortunately the position in which the sleigh had been riding kept the horse from kicking it or breaking the harness and much to the young woman's surprise and pleasure the team was brought back to her by William Mahoney with every strap whole.
